

SAFETY MANAGEMENT/LOSS CONTROL

JANUARY 13, 2016 - 8:00 A.M. - 4:00 P.M.

QUALITY INN & CONFERENCE CENTER
7838 SOUTH HWY 281, GRAND ISLAND, NEBRASKA

Nebraska Grain and Feed Association and National Grain and Feed Association are partnering again this year to bring you yet another opportunity to improve the safety environment in your operation. Join us to discover how you can implement a safety and health management plan that will comply with OSHA standards while you practice loss control through a risk management system.

SPEAKERS

Jess McCluer, Director of Safety and Regulatory Affairs with the National Grain and Feed Association, Washington, D.C., is responsible for directing and managing the NGFA's wide-ranging operations programs for grain elevators, feed mills and grain processing plants. He also oversees the NGFA's activities regarding employee safety and industrial health, environmental issues, grain-handling facility design and equipment, grain inspection and weighing issues, grain and biotechnology issues.

Matt Shurtliff, Director of Safety and Environmental Issues for J.D. Heiskell & Co. has more than 20 years of experience in the safety, health, and environmental industry. Matt has worked on a wide variety of environmental and safety issues, including development of safety programs, OSHA compliance, environmental compliance, environmental site characterization and remediation, and environmental litigation.

Rex Kitchen, Risk Manager at Agri-Business Insurance Services (ABIS) received a Bachelor of Science degree in Industrial Engineering from the University of Missouri and holds the professional designations of Certified Property Casualty Underwriter (CPCU) and Associate in Risk Management (ARM). Rex's extensive consulting experience, spanning 29 years, includes service to clients in the agribusiness, transportation, construction, and manufacturing industries.

Chuck Martinek, Loss Control Consultant at LMC Insurance & Risk Management (LMC) received a Bachelor of Science degree in Occupational Safety and Health from the University of Dubuque and holds the professional designation of Certified Safety Professional (CSP). Chuck's extensive consulting experience of 30 years includes service to clients in the construction, manufacturing, transportation, and healthcare industries.
