PROGRAM

The Nebraska Grain and Feed Association grain grading school is presented in a practical manner by licensed grain inspectors. The school will begin at 10:00 a.m. and conclude by 3:00 p.m. We plan to cover grading of those grains for which there is an interest expressed by participants. Please indicate the grains you are interested in by ranking them in order of your interest here: _____Corn _____Soybeans _____Wheat _____Sorghum

During this seminar you will learn how to assess grain quality and its market value more accurately. This directly impacts your bottom line. As time permits, you will also learn sampling methods and techniques. Nebraska Grain and Feed Association is partnering with Hastings Grain Inspection, Inc. to bring you this valuable educational opportunity.

The registration fee includes all educational materials, including the Official United States Standards for Grain booklet, training personnel time, breaks, and lunch. The member fee is \$85 for the first registrant and \$75 for each additional registrant from the same firm. The fee for non-members of NeGFA is \$100. Space is limited—register early.
